# INTRODUCE A GIRL TO ENGINEERING DAY

Sunday, February 18th  
Discovery Lab  
Girls ages 8-13 &  
Their mother or caregiver

**CLASS TIMES**  
**11:30 AM, 1:30 PM, OR 3:30 PM**

Classes free with museum admission  
\$6 per person  
Pre-register for classes online  
*All students must be accompanied by an adult.*

---

## **Inspire the engineer in your daughter!**

Girls and their mothers or other caregivers are invited to work together to solve an engineering challenge during one of our classroom sessions:

### **11:30 AM // Electrical Engineering**

*Mother/daughter teams experiment with an electric motor powered by a dry cell battery and test the motor's speed.*

### **1:30 PM // Civil Engineering**

*Test your design skills building a bridge and see how it holds up.*

### **3:30 PM // Mechanical Engineering**

*Use a common, household mouse trap to launch ping pong balls and hit your target.*

---

**Spaces are  
limited.  
Register  
online today!**
