

The United States Naval Academy STEM Center and NOAA present

Engineering to Explore the Ocean: A STEM Professional Development Workshop

Mon Feb 12 (4 - 8 pm) & Tues Feb 13 (8 am - 4 pm) in Tulsa

Discover practical & engaging methodology for teaching science, technology, engineering & math through project based learning. No fee to attend. Must attend both days.

- SeaPerch: Introduction & extensions to building an underwater remotely-operated vehicle
- Underwater Exploration: USNA & NOAA curriculum on robotics applications and ocean research
- Sound & Light: Investigate wave properties in sound and optics
- Batteries & Circuits: Experiment with electricity and circuits
