

Tulsa Regional STEM Alliance

STEM CAFE

February 14, 2018 7:30 - 8:15am
Rogers College Jr. & Sr. High School
Lecture Hall A

Presenting

Dr. Pascale Atallah **Polymer Scientist** **Chevron Phillips**

Dr. Atallah grew up in Lebanon. She received a B.S. in Chemistry from Universite Satin Joseph in Lebanon, Masters in Physics and Chemical Engineering from Graduate School of Chemistry & Physics of Bordeaux, France and a PhD in Organic and Polymer Chemistry from the University of Florida. Pascale now works as a polymer scientist at Chevron Phillips while promoting women in STEM and how students can harness their professional skills.

Join us for donuts, coffee
and a STEMtastic way to
start your day.
