FLIGHT NIGHT

Register online at: https://www.launchsquid.com/event/2485

Space Foundation’s Space in the Community program is designed to inspire students about the wonders of space and to reignite the imagination of all members of the community. Discover what space can do to bring your community together and to inspire the next generation of explorers.

About the Space Foundation...
The Space Foundation is building the next generation of space leaders and improving the overall quality of education through teacher, student and community programs that use space themes to improve students’ interest and skills in science, technology, engineering and mathematics (STEM).
