

TRSA Momentum Grant Application

STEM is Everywhere. STEM is Everyone. All are Welcome.

Tulsa Regional STEM Alliance's Momentum Grant enables schools, districts, and local community organizations to finance professional development and family engagement initiatives that create effective, equitable, and sustainable changes in Oklahoma communities.

Eligibility

1. Organization or entity with at least two years experience serving youth
2. Providing STEM focused programming for Oklahoma PreK-12th grade students in 2023

Grants will be divided up into two categories:

- **Professional Development** - Through this grant, Oklahoma schools or districts and Program Providers can develop and propose a professional development unique to their personal teaching ambitions, student learning objectives, and community engagement goals. Applicants can request funding to send cohorts to national conferences or create their own! This grant provides funding for up to \$10,000 to allow for travel, memberships, speaker fees, resources and materials, and more!
- **Community & Family Engagement** - These smaller grants of up to \$5,000 are intended to bolster and support programs and initiatives that are working to enhance the public's understanding of STEM and to increase participation of historically excluded populations in STEM fields.

Applicants are welcome and encouraged to apply for both categories of funding. Competitive priority will be given to applications that tie professional learning opportunities to family and community engagement initiatives and serve students and families in the following counties:

Adair, Cherokee, Craig, Creek, Delaware, Mayes, Muskogee, Nowata, Okmulgee, Osage, Ottawa, Pawnee, Rogers, Tulsa, Wagoner, and Washington.

All programs and initiatives must be provided to participants at no cost.

Application Deadline

December 1, 2022, at 11:55 PM

Intent to Award

December 9, 2022

Grant Period

January - December 2023
